HOTEL TRANSYLVANIA Saturday Night DOC Movie

Welcome to the Hotel Transylvania, Dracula's lavish five-star resort, where monsters and their families can live it up, free from meddling from the human world. Over-protective of his teenage daughter, Mavis, Dracula fabricates tales of elaborate dangers to dissuade her adventurous spirit. As a haven for Mavis, he opens the Hotel Transylvania, where his daughter and some of the world's most famous monsters Frankenstein and his bride, the Mumm, a family of werewolves, and more can kick back in safety and peace. For Drac, catering to all of these legendary monsters is no problem but his world could come crashing down when one ordinary guy stumbles on the hotel and takes a shine to Mavis.

Dish Channel 25 Update

We are pleased to announce that DISH and the NFL Network have reached a new agreement and the NFL has been restored to DISH's channel lineup,

You may want to replace the MLB channel with the NFL network sometime in the next couple of weeks,

This is your in-house channel 25 and the NFL is on DISH channel 154. You should be able to just hit the up arrow a couple of times on the front of the receiver in the 25 slot.

If you are already on the NFL, the feed should be live now.

Help Break the Cycle

New Directions Northwest runs several Drug and Alcohol Programs, including the Elkhorn Adolescent Drug and Alcohol Center (EADAC). EADAC recently started a new program to encourage teamwork and leadership through positive role-modeling. The new program is through the Boy Scouts of America called Venturing, that teaches teamwork and leadership skills through outdoor activities like camping. They have asked for some financial support as it is difficult for them to raise funds. Their funds are already strained by the cost of training materials, uniforms and other activities.

To Donate Please Make Your CD-28 Out to Venturing Acct #2460

Movie Rental Update

There have been some recent issues related to the DVD rental program.

There will be no refunds of tickets for DVD rentals. The Administration Clerk will only substitute your rental for another disk if there is a problem. Please know that there will only be a limited selection to choose from. Common reasons people experience problems:

1. Not providing the proper MCN (Movie Checkout Number).
2. Not providing an Alternate MCN.
3. Late delivery.
4. The disk is damaged.
5. The disk has been banned.
6. The disk is missing.

Please double check the MCN and always provide an alternate MCN. Please allow 1 hour for your rental delivery between 8-9 am and 5-6 pm. please allow for some exceptions such as dining or count time running late. Try to be available at your housing unit for delivery. Using the most recent Unit Movie List will help prevent any other issues.

The Administration Clerks are in place to deliver and pick up the rentals only. If you have questions about anything related to administration, please send an inmate communication to the proper channel. If you don't know where to send your communication, there is a routing chart posted in your unit and in your intake packet.

If you would like to know more about our current movie selections, the DVD cover art and information is located at the MPB in the library.

Upon arrival at PRCF you signed the DVD Player Rental Agreement. This is what you agreed to.

Questions & Answers from ISU (Inmate Services Unit)

RE: Visitor Applications

Q: Why does it take so long to process a visitor application/s for my family or friends?

A: There are a few reasons as to why processing times vary:

1. **AIC is on INTAKE Status** - visitor applications submitted while on Intake cannot be processed until the AIC reaches his/her home institution. To speed up the process, hold on to your applications until you reach your first housing institution.
2. **The visitor application has missing or incorrect information** - ALL INFORMATION IS REQUIRED on the application; **FULL NAME (first, middle, and last names must be SPELLED CORRECTLY), DATE OF BIRTH AND A VALID ID NUMBER** must be included to complete a background check.
3. **Potential visitor is not from the United States** - These visitors must provide their own background check from the country they are visiting from. They may contact a police agency or the Consulate representing the country they are from.
4. **Potential visitor is a minor** - In order to enter any ODOC facility ALL MINOR VISITORS must have a custodial consent form signed by the **CUSTODIAL parent or LEGAL guardian and NOTARIZED** on file. The ISU Technician will send this form to the parent or legal guardian once it has been determined the minor visitor is eligible for visiting.
5. **Visitor is in "Deferred" status** - If you receive a Deferred notice, review, sign, and return to the ISU office as soon as possible. We CANNOT approve the visitor without your permission. Holding onto or destroying this form will also slow down the process. If you do not return the deferred notice after the 3rd attempt, ISU will close the application to IN-Incomplete.

If you have further questions in regards to the visitor application process, please send your written communication forms to:

New Directions Northwest Submission

Here's what a G.P. Committee member has to say

I'm tired. I'm tired of living the selfish, angry, uncaring life that I have chosen to live for the majority of it. I'm 38 years old and this is my 3rd time in prison. I was adopted at 6 months of age and have never really felt like I belonged anywhere or to anyone. I haven't had any contact with my adopted family since my last trip to DOC in 2006. I have been a practicing alcoholic since I was 15, and it has cost me my family, my freedom, and countless dollars, it has taken my self-respect as well as most of my life. It has been a continuous blur of drugs, alcohol, and violence. I have walked through and destroyed so many lives with little regard to those I was hurting. I am the father of four children, only one of whom I have had contact with. I have never felt as low or as broken as I have this time.

I am blessed and thankful for the opportunity to attend the PRCF New Directions Program. With the help of the NDN staff as well as my fellow peers I have already started the process of healing. I enjoy living in a "therapeutic community" and I see the benefits of it everyday. From the camaraderie of playing sports together or when I'm feeling down, just being uplifted by a fellow brother. It all makes sense and is a lot of fun as well. When have we ever had an opportunity to spend an entire six months able to work on ourselves? I never have. I am taking advantage of it. My desire is to leave this place a much better man, father, partner and friend than the person who walked in. That is what the AIP program offers us. My son's mother tells me that she can tell there is a difference already even in just the way I speak. They are looking forward to my coming home and I too, am proud of the work I am doing here. Taking the knowledge and the skills and applying them to daily life and myself so that I never again have to return to DOC.

Mr. Justin Wilsey
