FROM THE OPERATIONS CAPTAIN

OSCI will be beginning a new pilot project for the next few months utilizing the purchase of 'Flat Rate Boxes' for inmates off the canteen. The program will consist of the following:

- Inmates will purchase a ticket for the size box they need from the canteen list on normal canteen operations (4-6 box sizes will be available for purchase)..
- Once you have secured your box ticket-send an inmate communication form to the R&D Sergeant requesting to R&D to bring your property down to be inspected, packaged and sealed.
- The R&D Sergeant will maintain the different box sizes in R&D and supply the size according to ticket purchase (color = size purchased).
- When you are called to R&D, you will bring the property down for shipment; the R&D Sergeant will supervise packaging and closure of each box and then be responsible for taking all boxes to the mailroom.
- Once shipped the inmates receive a tracking number and the US postal service is now responsible for all items in the package.

Once the box tickets show up on the canteen list the project will begin . . .
