**Subject:** Visitation Customer Service Survey

We want you to have positive relationships with your families, relatives, and friends. We know visiting is important. It enhances personal well-being and helps with your transition home. Over the last few years we have:

- Increased special visits and events
- Added tablets throughout our prisons for more electronic messaging
- Reduced the cost of video interactive phone calls
- Made visiting rooms more child friendly
- Partnered with agencies like DHS and Lane Co. Sponsors to provide no-cost mentor and children video interactive phone calls

To improve your relationships, we want to hear from your visitors. We have posted a short anonymous Visitation Customer Service Survey on our website. Anyone who has visited an Oregon DOC facility can complete the survey. This survey will help us gather information about your visitors' experiences and what we learn will help us improve visitation.

Included in the survey are questions about visiting check-in/sign-in areas, the actual visiting room, and staff interaction. We will use this information to provide excellent customer service and make improvements where needed.

English version of the survey: [www.surveymonkey.com/r/LF3MV6R](http://www.surveymonkey.com/r/LF3MV6R).  
Spanish version of the survey: [www.surveymonkey.com/r/M5CKNTT](http://www.surveymonkey.com/r/M5CKNTT). Please encourage your visitors to go online and participate. We appreciate your help in getting the word out. The survey will be available until mid-July.

Please also take advantage of your visiting opportunities. This will make your experience here at DOC more positive and will improve your transition back to society.

**TAKE THE TEST  
TAKE CONTROL**  
The perk of knowing your HIV status

National HIV Testing Day was established as annual event to promote HIV Testing. The first annual testing day was in 1995.

*Testing for HIV in ODOC is FREE and you don't need a special day or event to be tested Just send a request to the HIV/Hepatitis Counselor at your institution*

**IT IS ESTIMATED THAT 1 OUT OF 5 PEOPLE LIVING WITH HIV ARE UNAWARE OF THEIR STATUS.**

### WHY GETTING TESTED MATTERS

There are a number of benefits, personal and health related to knowing your HIV status.

**If you are HIV negative and you know your status you can**

1. Relieve yourself of anxiety
2. Take steps to continue or START reducing your risk of getting infected.

**If you are HIV positive and you know your status, you can**

1. Take steps to prevent passing the infection on to other people.
2. Seek out support to help you manage your care.
3. Start treatment. Following your treatment plan can help lower the amount of virus in your body and ultimately help you live longer.

Sherlock Holmes and Dr Watson were going camping. They pitched their tent under the stars and went to sleep. Sometime in the middle of the night Holmes woke Watson up and said: "Watson, look up at the sky, and tell me what you see." Watson replied: "I see millions and millions of stars." Holmes said: "And what do you deduce from that?" Watson replied: "Well, if there are millions of stars, and if even a few of those have planets, it's quite likely there are some planets like Earth out there. And if there are a few planets like Earth out there, there might also be life." And Holmes said: "Watson, you idiot, it means that somebody stole our tent."

## To do list-

- 1- Go to pet store.
- 2- Buy bird seeds.
- 3- Ask how long it will take for the bird to grow.
- 4- wait for the reaction.

Q: There are 500 bricks on a plane. One falls off. How many are left?

A: 499.

Q: What are the three steps to putting an elephant in a refrigerator?

A: Open fridge, put elephant in, close fridge.

Q: What are the four steps to putting a giraffe in a refrigerator?

A: Open fridge, take elephant out, put giraffe in, close fridge.

Q: The Lion King is having a birthday party. All the animals attend but one. Which animal is it and why?

A: Giraffe. He's stuck in a refrigerator.

Q: Sally wants to cross an alligator infested river. There is no bridge and the only way she can get across is by swimming. She swims across and makes it to the other side safely. Why?

Q: Sally dies anyways. Why?

A: She got hit in the head by a flying brick.

If you ever get cold,  
just stand in a corner  
for a bit.  
They're usually  
around 90 degrees.
