Caseload Reset

Correctional Counselors’ caseloads have been rearranged in order to better serve those most in need. These changes are necessary if the Oregon Department of Corrections (DOC) is to provide quality case management services to the adults in custody (AIC) most likely to reoffend as determined by their Automated Criminal Risk Score (ACRS).

ACRS is a statistical calculation developed by the DOC Research Unit to predict your risk of reoffending within three years of release. Your score is automatically calculated at Coffee Creek Intake Center (CCIC) and is based upon the following: age, earned time, revocations, sentence length, custody number, thefts committed, prior incarcerations, and person to person crimes. The score is recalculated whenever any of these items change. Another way to understand ACRS is to look at it from a percentage standpoint. The scores range from .01 to .99. If your ACRS is .15, then you have an estimated 15% chance of reoffending within three years of your release.

If DOC had the resources it needed, Institution Counselors would provide cognitive interventions through case management to all AICs who need it. Because DOC does not have the capacity to provide case management services to everyone, Counselors’ caseloads have been adjusted to provide cognitive interventions to AICs most likely to reoffend.

To make caseload sizes more manageable, DOC had to significantly adjust the ACRS cutoff score. Due to resource discrepancy across the institutions, the cutoff scores won’t be consistent and are as follows:

**SRCI, OSP, TRCI, EOCI**
- .01 - .24 ACRS = Low Supervision
- .25 ACRS and higher = High/Medium Supervision

**OSCI**
- .01 - .34 = Low Supervision
- .35 ACRS and higher = High/Medium Supervision

**CRCI, DRCI, PRCF, SCCI, SCI, SRCI Minimum, TRCI Minimum**
- .01 - .34 = Low Supervision
- .35 ACRS and higher = High/Medium Supervision

**WCCF**
- .01 - .39 = Low Supervision
MCCF, SFFC
.01 - .49 = Low Supervision
.50 ACRS and higher = High/Medium Supervision

CCCF, CCCM
.01 - .19 = Low Supervision
.20 ACRS and higher = High/Medium Supervision

Low Supervision:
If you are placed on a Low Supervision caseload (as determined by your institution), you will not meet with your Institution Counselor on a regular basis and will only be seen for emergencies or unusual circumstances. Any reporting will be through written communication. If you need an in-person meeting, you will need to provide specific details in your request.

Although you will not have regular contact with your Institution Counselor, your eligibility to attend programming offered by Pathfinders (group cognitive classes and parenting classes) and participate in our alcohol and drug treatment programs will not be impacted. Eligibility and placement into these programs remain the same.

High/Medium Supervision
If you are placed on a High/Medium Supervision caseload (as determined by your institution), you will meet with your Institution Counselor on a regular basis, working on your customized Behavior Change Plan and receive cognitive interventions from your counselor.

Each time you are transferred from one institution to another, you will receive an Intake Information Sheet and Contact/Resource List that provides information specific to that facility. You will also have the opportunity to ask questions at your institution’s Admission and Orientation program for new arrivals to help you manage your affairs during your incarceration.

These changes will be implemented June 1, 2019, for male institutions and July 1, 2019, for women at CCCF.

Want to learn new ways to live?

GP Outreach is here to help you make progress toward a positive and fulfilling life. Sign up for GP outreach and get a taste of what A.I.P. can do for you.

Be on the look out for the next round of G.P. Outreach Sign Up Sheets on your unit. If you miss the Sign Up Sheet please send a communication to Mr. Washington to be added to the list.

Here’s what a G.P. Committee member has to say

My name is Mario Landeros; I am 38 years old and have spent about half my life in a prison environment. One that tells me when I can and can’t use the restroom and to top that off I even have to check out the toilet paper. One of the things I prided myself on while on the outside was the fact that I am my own man and no one tells me what to do, but look at where that got me. I have to ask permission to do anything! Someone is always telling me what to do!

One of the biggest misconceptions I had while out there was that I was in control of my life. That just wasn’t so. I lived to please the people that supported the life style I chose. Keeping me in my addiction, never doing anything for me, and only hurting the people that have ever been there for me. It’s sad that it has taken me so long to get sick and tired of these results but better late than never.

The beginning stages of change are a mindset. Being unhappy with a result we are getting, which for me is hurting my loved ones and my children and wanting to do something about it and doing something different with my life.

The program has helped me to open my eyes to the countless victims I left in the destructive lifestyle, I called my life. I used to tell myself I wasn’t hurting anyone but me, man was I wrong. I am a father, a husband, a son, a brother, an uncle and a member of the community before I choose to be selfish and self-centered and go against my values and morals.

So in closing let me be real, being in the program is helping me acquire more tools and skills that will help me accomplish my goals of overall becoming a better person. A person that my children can look up to and be proud to say, “that’s my Father.” The more honest I am and the more I put into the program determines what I get out. The **CHOICE** is yours and now MINE. Our willingness is reflected by our **CHOICES** of doing whatever it takes to achieve our goals. I guess my point here is this weather you’re in the program or not, the **CHOICE** is yours and what you choose to make out of today. Because how you see today and what you do today determines and leads to a whole new set of **CHOICES** tomorrow.

Mr. Mario Landeros
