Financial Services Message

The Department of Corrections (DOC) has made the decision at the executive level to delay Court-Ordered Financial Obligation (COFO) collections as a part of Oregon Revised Statute (ORS) 423.105. We plan to review the start of collections in *Fall 2020*. The first delay of collections was announced in March 2020 with the spread of COVID-19. This further delay was decided to lessen the burden in these difficult times.

DOC understand the difficulties adults in custody (AICs) are facing with all that is going on around us. While we cannot delay the COFO collections forever, right now we can take steps to reduce additional hardship that may be caused by these new collections.

Starting in July, your Trust account statement will reflect all changes made to COFOs owed. This includes payments made directly to the Oregon Judicial Department (OJD) or court of record, to include payments made by friends and family, and court orders that have adjusted these amounts in any way. Any changes made to these amounts during the current month will show up on next month's trust account statement.

AICs with questions about these collections are encouraged to send an AIC communication to Financial Services (*electronic communications preferred*).
