Donation Thank You letter to Pool League from Center for Hope and Safety

(Please see attached letter.) Thank you if you had anything at all to do with making this happen! The letter is from the Center for Hope and Safety for the donation made to their organization this past December. Their donation helped provide Christmas presents for children who may have otherwise been left out this holiday season. Back when I was about 10 years old I was one of these kids who the local prison provided presents for, so I have firsthand experience of how meaningful this was for those kids. Thank you.

SECURITY

Notice to AICs

In August I submitted the below article for the Walled Street Bulletin. There are a significant amount of drugs being caught by the mailroom every week at ODOC facilities which is causing the Department to look at the AIC mail process. Accidental exposure to particular narcotics or chemicals can be dangerous and deadly. If you have ideas that will help improve the efficiency and safety of the mail process, which would allow us to curtail dangerous contraband coming into the facility, please send them to Mr. C. Wagner, Assistant Superintendent of General Services.

The submission from August:

Unexpected "Special" Packages

There have been multiple incidents in which narcotics have been sent in the mail to allegedly unsuspecting recipients. In those cases, one of four things was happening:

1. The recipient was expecting the narcotics and is claiming ignorance as a defense
2. The recipient knew the narcotics were coming but were being forced/coerced into being the recipient by others.
3. The recipient was not expecting the narcotics and is being used as a proxy or unwitting mule by somebody else, as a safety measure so the person receiving the drugs doesn't get caught. The person who received the mail would then be approached by whoever arranged to have the drugs sent in and told to hand them over.
4. The recipient didn't know the narcotics were coming and was being set up to be charged criminally or administratively with smuggling the drugs. Even if not charged, it would cause a disruption in programming and bring suspicion and scrutiny upon the recipient.

What can you do if you receive a letter or package you weren't expecting that has narcotics in it?

Discreetly surrender it to a staff member and explain the situation. The recommendation is to deal with the Housing Sergeant.

If the mailroom failed to catch the envelope with drugs in it, which you weren't expecting, surrender it to staff. The staff member will report it to the OIC, but it can be presented as "caught by the mailroom" while the issue is investigated. In the case of #2 or #3 above, if it was "caught in the mailroom" and you didn't know it was coming, the AICs using you as a mule without your knowledge don't have anything to hold against you. In the case of #4, turning in an unexpected letter with drugs hidden in it will be easier to defend regarding you not being a part of the smuggling operation and potentially being set up.

Covid-19 positive cases

Apparently the Omicron virus has arrived. This wave of the virus appears to move very quickly and so far has not caused nearly as much damage as prior instances. Our COVID positives spiked dramatically so we had to suspend visiting for the time being. We understand that even though visiting was non-contact, it was still appreciated and welcomed by our community, your family members and friends. We will resume visiting as

soon as we're able. The silver lining to this wave hitting so fast is it passes quickly and, so far, all over the world, it's seemed to cause less of a strain on hospitals than prior waves. We will continue to do our due diligence in keeping our community and your family members as safe as we can.

Please remember to wear your face coverings and socially distance when possible. I know it gets old but we have to work together to slow the spread as much as possible. You are all important.

COMMISSARY

Commissary News, Updates and Reminders

Due to the possibility of another Covid outbreak within our Institutions we are preparing for potential temporary spending restrictions. We will be sending two commissary forms (regular and emergency) to your institution to be completed each week until further notice.

We will process your order either in full or with the least amount of restrictions possible; however, we will utilize the emergency form if needed. Having both forms will allow us to adjust with minimum interruptions to our customers.

We appreciate your cooperation and understanding once again as we navigate through this.

/s/ Anita Nelson, DSS Operations Manager

We are happy to say, as of today, NWC is getting a partial work crew. This allows us to move away from the Emergency Form and back to the regular order form starting next week (1/17/22); however, we will be at a \$25 spending limit until we are able to get a full crew.

Please remember, if you choose more than the \$25 on your order form it will be at the discretion of Commissary Staff what items will be processed so to ensure you get what is important to you keep your orders to \$25.

Though this is an improvement, we understand it is still not an ideal situation. These challenges are frustrating for us all and we continue to work on alternative solutions and appreciate your patience.

/s/ Anita Nelson, DSS Operations Manager

Due to periodic changes in shade, colors, and names by manufactures of cosmetics and continued supply chain delays we are experiencing shortages from our

cosmetics supplier. We appreciate your patience as we bring on new seasonal cosmetic products.

HOT BUY

Bigelow Cinnamon Stick Black Tea

20 CT \$1.50

Please note, while supplies last all Holiday items have been marked down.

Please note that Commissaries statewide continue to see product orders shorted or items not being shipped at all with numerous production delays from manufacturers. We are continuing to work with each vendor to replenish stock on hand. Your patience is appreciated as we are working diligently to ensure all products are available.

Soda tickets will only be credited if an aic has been transferred to a different facility. The aic has 30 days from the date of transfer to submit an aic communication form requesting a credit from the commissary where the soda tickets were purchased. You must include the unused soda tickets and a receipt as proof of purchase. The receipt may not be more than 90 days old from the date of request. Commissary will not issue credit for damaged tickets or issue credit if the soda machine takes your ticket without dispensing a soda.

Center for HOPE & SAFETY

Dear Friends,

What an incredible holiday season it turned out to be! Thanks to your generosity, survivors and their families were able to celebrate the holiday season in ways they did not expect. The donation you provided to our Holiday Program made an incredible difference to so many.

Below you will find a quote from a family who benefited from the Holiday Program.

"Thank you so much for not only giving my family a Christmas but giving me a glimmer of hope. If it wasn't for you opening your heart my children wouldn't be having a Christmas. Thank you from the bottom of my heart."

We hope these words remind you of the difference that you made in supporting CHS and survivors during the holidays; a time of year that is often difficult for those who are living in a violent home or have recently fled violence and found safety.

From all of us at CHS, a heartfelt thank you for your generosity. We can do the work we do because of YOU!

Gratefully,

Amanda Cole
