## Intake Orientations

Intake Orientations are co-facilitated by Oregon Department of Corrections and Oregon CURE. Find out about Oregon's prison system, the intake process, phones, mail and visiting requirements. You will receive a packet of informational brochures. There will be opportunities for you to ask questions. Our goal is to help you learn how you can get through your loved one's incarceration. Maintaining family contact is vital to your loved one's time in prison and upon release.
