A letter from the Corrections Ombudsman:

The Corrections Ombudsman has the power: to investigate, on complaint or on the Ombudsman's own motion, any action by the Department of Corrections (DOC) or any employee thereof without regard to its finality. However, pursuant to ORS 423.425, the Ombudsman may decide not to investigate complaints that are trivial, frivolous, vexatious, or not made in good faith, as well as those that are too long delayed or could reasonably be expected to be resolved through a different administrative process.

The position is located within the Governor's Office and is not accountable to and does not report to the DOC in any manner. All communications to the Ombudsman are confidential and **no** person who files a complaint to the Ombudsman pursuant to ORS 423.400 to 423.450 shall be subject to any penalties, sanctions or restrictions because of such complaint. If any person willfully obstructs or hinders the proper and lawful exercise of the Ombudsman's powers, or willfully misleads or attempts to mislead the Ombudsman in inquiries under ORS 423.400 to 423.450, a Marion County Circuit Court judge, on application of the Ombudsman, shall compel obedience by proceedings for contempt.

Because the modern version of this position is new, it will take some time to establish the office and build the Ombudsman team. While I am processing and replying to all complaints, please be advised that this is a very slow process. For now, please take the survey below and kyte or write a letter with your answers to the address below.

- How many people on your contact list have tried to get validated with the IC Solutions phone system?
- How many have been successful so far?
- What stopped them from getting registered (they have a prepaid phone, can't get a credit card, system is too complicated, etc.)
- How long have you been waiting for someone to get validated (ex. "I haven't talked to my partner in six weeks because they can't get validated).
- What other DOC issues are important to you?
