Contacting Customer Service From Phones

For customer service from the phones, dial 4. You may have to enter password and complete voice verification first. Use this option to report any issues you are having, including dropped phone calls, poor connection, inability to dial out, etc. Report as soon as it happens so Customer Service can review the call and find out what happened.

The phone number for Customer Service is 888-506-8407. They are available every day, 24 hours a day.

Here is some other helpful information:

Phone

▼ Who does an AIC contact if you are having problems completing calls?

AICs can file a complaint by leaving a voicemail through the AIC telephone system. ICS Corrections staff will work to resolve the issue and provide feedback to AICs by leaving them a voicemail you can listen to through the AIC phone system.

▼ My phone call was inaudible or was disconnected prematurely. How can I get a refund?

For Prepaid customers, please call 888-506-8407. Our representatives can investigate technical problems with your phone call, including listening to the call recording to determine the cause. If it is determined that the problem was not caused by another external factor (for example, a bad cell phone connection), our Customer Care Representative can credit phone services back to the account that was used for the call.

▼ Why was my call disconnected?

Calls can disconnect for a variety of reasons including

- Accepting call waiting
- Dropped calls from a cell phone or VoIP number (phone service over the internet) due to poor coverage
- Placing a call on hold
- Security reasons within the facilities

T-Mobile and Boost Mobile Phone Problem

Problem:

Calls made to Friends and Family members with T-Mobile and Boost Mobile phones are not allowing the Friend or Family Member to answer or know that the call is occurring.

Cause:

Calls being placed to T-Mobile and Boost Mobile numbers from ODOC are being sent directly to the T-Mobile or Boost Mobile customer's voicemail.

T-Mobile has stated that they believe this is part of their SPAM blocking service and recent policy change to not allow collect phone calls or prison phone calls. This is a nationwide issue.

ODOC is aware that this is impacting both collect calls and prepaid calls. We have shared this information with T-Mobile.

Possible Solutions:

1. T-Mobile is conducting a review of their current policy and impact to all AIC phone calls to determine if they will alter their policy going forward.
2. The T-Mobile customer can call customer service and request the number associated with their prison is removed from the spam blocked list.
3. The T-Mobile customer downloads the "Scam Shield App" which should be a T-Mobile application. From the application, they can add the number themselves to be allowed.
 - a. If you have the scam shield app, turn it off and/ or manually add the phone number to the list of approved callers. Double check that your phone does not have "filter unknown callers" enabled.

Below are the numbers your friend or family member should see when you call from the facility.

SECURITY

Notice of a Single Change to the OSP General Population Shower and Morning Yard Schedule

Because of a planned event scheduled for Friday, August 18, 2023, I will move general population showers to Thursday, August 17, 2023, and we will not have a morning yard on Friday. We will resume normal operations after the 11:00 am count clears. I am doing this to minimize the impact of the event on showers. The event will not affect regularly scheduled callouts and visits for the general population. The event will not impact the daily operations of SMH.
