Pursuant to ORS 183.390(2), the Oregon Department of Corrections invites comment on OAR 291-105-0015 including any comments on whether options exist for achieving the rule's substantive goals in a way that reduces any negative economic impact on businesses. To: All Adults in Custody

From: Health Services Division

Subject: Electronic Health Records

We have some news to share with you! The people who help take care of you and your health at the Oregon Department of Corrections (DOC) are going to start using a new computer system to keep track of your health information. This new system is called an electronic health record (EHR) system. It's like a big computer file that stores all your health information in one place.

This change is important because it will help your doctors, nurses, behavioral health, and dentists work together more easily. For example, they will be able to see your health information at the same time, rather than having to take turns with the paper chart. The EHR will also make it easier for DOC to share information with outside providers and upon your release.

Even though the new system won't be ready for more than a year, we want to let you know about it now since you may start to see some changes like people onsite installing equipment and scanning records. You don't need to do anything different to get medical care right now.

We know change can be scary, but we want to make sure you have all the information you need. We will keep you updated about the new system through AIC newsletters, articles, and flyers.

AIC MESSAGE

The Department of Corrections (DOC) has identified a case of Shigella at the Santiam Correctional Institution (SCI). Shigella is a germ that can cause a highly contagious intestinal infection. It spreads very easily from person-to-person, so the best thing to do to keep from getting sick is to wash your hands with soap and water. We are asking you help prevent further spread by taking preventive measures. We are working with the Oregon Health Authority to help determine best practices for infection control.

Symptoms include diarrhea, fever, abdominal cramps, and sometimes vomiting.
We are asking that all employees and AICs take extra precaution to prevent the spread.

Report Your Symptoms to Health Services Immediately: If you experience symptoms such as diarrhea, fever, or vomiting, please report your symptoms to the Health Services Staff immediately.

How is it Spread?

Eating food or drinking liquids contaminated by an infected person
Touching contaminated surfaces or objects and then touching their mouth or putting a contaminated object into their mouth
Not washing hands after using the bathroom or changing diapers and then eating foods

Prevention Measures:

Frequent Handwashing: Wash your hands regularly with soap and water for at least 20 seconds, especially after using the restroom, before eating, and after any contact with potentially contaminated surfaces.

Personal Hygiene: Maintain good personal hygiene practices, including the proper disposal of tissues and regular bathing.

Contact Mentor Corner

Responsible

Have you ever thought about what it means to be “responsible”? The definition of being responsible includes being “*morally accountable for one’s behavior*” and “*being the primary cause of something and so able to be blamed or credited for it.*” When we are morally accountable for our behavior, we take ownership of our decisions—good or bad; as well as ownership for the outcomes of those decisions—good or bad. How would your life look if you prioritized personal responsibility? What would you change first? What would you take credit for? Would being responsible free you from the opinions and judgements of yourself and others? How would ownership and responsibility change your emotions, actions and behaviors; thus, help you to be more mindful? What are the ripple effects of being responsible? Who in your life would benefit from this shift in mindset? Challenge yourself to be more mindful and implement responsibility in your daily life. If you face obstacles, talk to a friend or support person to identify how you can overcome the issue, move forward and reach your full potential. Remember, being responsible takes daily effort and the desire to improve...one day at a time.

Weekly Quote:

Prison Rape Elimination Act (PREA Information)

The Oregon Department of Corrections (ODOC) has a zero-tolerance policy for sexual abuse, sexual harassment and for retaliation for reporting an incident. You may report in person to any staff, through an AIC communication, through the grievance system, by calling the PREA hotline by making a language selection, then dialing 91 from any AIC phone.

Filing an Anonymous PREA Report

If you are uneasy about filing a PREA allegation, you may file an anonymous report with an outside agency.

You may write to:

Governor's Constituent Services Office
900 Court Street NE, Suite 254
Salem, Oregon 97301

Please indicate in the beginning of your letter you are filing a PREA allegation, and you are requesting to remain anonymous. The Governor's Office will refer all anonymous allegations to the DOC PREA Coordinator to assure an investigation is completed based off the information that is provided.

Opposite Gender Viewing/Announcements

Opposite gender staff announcement themselves when entering a housing unit by ringing a bell. This must be done any time the status quo of the gender supervision on a housing unit changes (if there is already an opposite gender staff on the unit then there is not needed to re-announce). When you hear the doorbell, opposite gender staff will be entering the housing unit so please make sure you are covered up appropriately.

It is also important you undress in the appropriate locations. If you are in a bunk area, there are cameras throughout the facility so the designated changing/bathroom areas are the only areas you should be without undergarments. Opposite gender viewing may happen incidentally when staff are conducting routine cell checks. You can minimize this by keeping aware of the gender of supervision in your housing unit and ensuring you cover up when possible.

Community-Based PREA Advocacy (Support) Program

ODOC has partnered with community based, confidential advocates of sexual abuse victims to provide services to AICs.

AICs at ODOC who have experienced sexual abuse may reach a community-based advocate by making a language selection, entering your AIC PIN, then press 0*711 AIC telephone systems, or may request a private call through the PREA Compliance Manager at the facility. Advocates provide victims of sexual abuse information about their options, resources, information, and emotional support. There is no charge for calls to advocates.

The community-based advocacy crisis line is for individuals needing assistance coping with sexual abuse related issues and should not be used for other purposes.

Telephone calls and mail with community-based advocacy centers is considered privileged communication and will be handled like legal calls/official mail. All advocacy calls are not monitored or recorded.

Advocates provide confidential support and crisis intervention, inform you about the investigation and medical examination process, educate you about healing from sexual abuse and offer resources and referrals

Advocates will not tell you what to do, communicate with the institution unless you request them to do so and sign a release and will not provide legal advice.

Community-based advocacy centers provide sexual abuse support to people of all genders. Community-based advocates will not report unless you request them to do so and if you sign a release of information.
