Program Opportunity

Free Your Mind Core (FYM-CORE): The curriculum incorporates the latest research on the neuroscience of criminal behavior. Participants learn about the basic brain structures involved in interpreting and responding to environmental stimuli and explore how to use this knowledge to establish new neural pathways and behavioral patterns. The curriculum introduces an innovative (and streamlined) approach to structured skill building. Rather than learning different steps for each social skill, the same four general steps are used to facilitate meaningful repetition of self-control strategies and social skills.

- FYM consists of 55 sessions for a total of 110 total hours
- Classes are held 4 days a week for 2 hours a day (Tuesday–Friday from 1:30 pm to 3:00 pm)
- Start date May 17th (ish) on the Education Floor
- Eligibility: An ACRS of .15 - .70 and a projected release date after September 2024

If you are interested, please send a communication to your Correctional Counselor or Ms. Lenex on the CSF.
